T-SAIL Research group WiKi is here

t-sail:

Welcome to the T-SAIL Wiki. Here we document all our technical knowledge about measurement equipment, instruments, data processing, etc. General topics are also allowed. You are encouraged to create your own pages. Login (or first register) at a link above. Choose a page to edit and look at the right for the edit option.
To create a new topic edit the Sidebar page. Creating a link to a non existing (new) page

```
[[New Page|Visible text]]
```

will automatically generate an empty page you can edit.

Inventory

Comprehensive inventory of Lab equipment:

For the full inventory of the T-SAIL equipment see the Inventory page.
Detailed specs and manuals of each instrument can be reached by navigating the Sidebar (on the left) or by navigating the appropriate table entry at the Inventory page.

BASICS

Our New addresses are

```
\\tsailnas.cv.technion.ac.il\Homes    - for backups\\
\\tsailnas.cv.technion.ac.il\BasicDataShare- for Data Share\\
\\tsailnas_back.cv.technion.ac.il\Homes    - fast data storage in the lab\\
```
